Agenda

Programme Summary

The Global Business Innovation Programme, organised by Innovate Global Business Innovation Programme Taiwan - Smart Cities UK and delivered by Innovate UK EDGE, consists of a preparation phase, 5-day innovation visit focused on Smart Cities, a post-visit exploitation workshop and follow-up support of approximately 12 months from an Innovate UK EDGE Innovation and Growth Specialist, helping your business maximise the opportunities identified, including developing innovation projects with partners in the territory.

This initiative will be delivered physically and include virtual activities.

We are currently accepting applications from innovative companies to join the initiative who could deliver net zero ambitions for urban places and progress sustainable behavioural change in all parts of society.
